TORN REGION Danderine Grows Hair

and we can PROVE IT! DANDERINE is to the hair what fresh showers of rain and supshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhibitanting, stimulating and life-producing properties cause the hair to grow abundantly long, strong and beautiful. It at once imparts a sparkling brilliancy and vel-vety softness to the heir, and a few weeks use will cause new hair to sprout all over the aculp. Use it every day for a short time after which two or three times a week will be sufficient to complete whatever growth

A lady from St. Paul writes in substance, as follows:
"When I began using Danderine my hair would not come to my shoulders and now it is away below my hips." Another from Newark, N. J. William

"I have been using Danderine regularly, when I first started to use it I had very little half, now I have the most beautiful long and thick half unyone would want to have."
